

**FISCAL MEMORANDUM  
SB 3310 – HB 3789**

April 29, 2008

**SUMMARY OF AMENDMENT (014274):** Requires the designer, at the design development stage of a State Building Commission project, to provide a utility use estimate based on metered utility data for similar facilities in similar average climatic conditions, and other relevant data and measurements; replaces the language “1-VAC” with the language “H-VAC” regarding the requirement to describe alternatives considered to reduce projected energy consumption; replaces the language “bond” with the language “irrevocable surety satisfaction” regarding low bidders, when the low bid is established solely on the basis of utilizing the energy savings deduction amount.

**CORRECTED FISCAL IMPACT OF ORIGINAL BILL:**

Increase State Expenditures – Net Impact - Exceeds \$100,000

**FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:**

**Unchanged from the corrected fiscal note for the original bill**

Assumption applied to amendment:

- Based on information provided by the Department of Finance and Administration and the State architect, the impact for the bill as amended will not change from the corrected impact estimated for the original bill.

**CERTIFICATION:**

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
